# 1994

The Swedish inventor Rolf Strömberg developed the **first CPD** 32 year ago.

Today, we are a **leading**, privately owned **Swedish manufacturer** of ergonomic **mice** and **accessories** with a global presence.

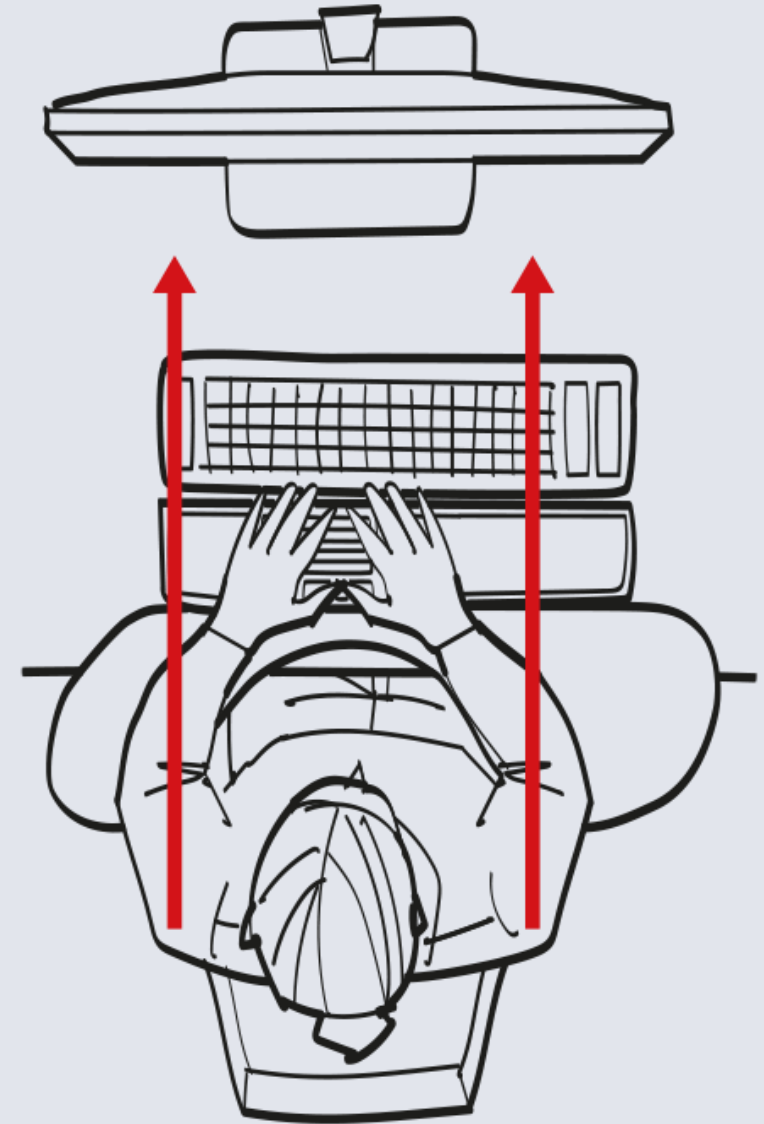

OUR MISSION

## WHY WE DO WHAT WE DO

We can make the **difference** between **good** and **bad** posture by working 'in the **Zone**'.

**Fight the Pain!**

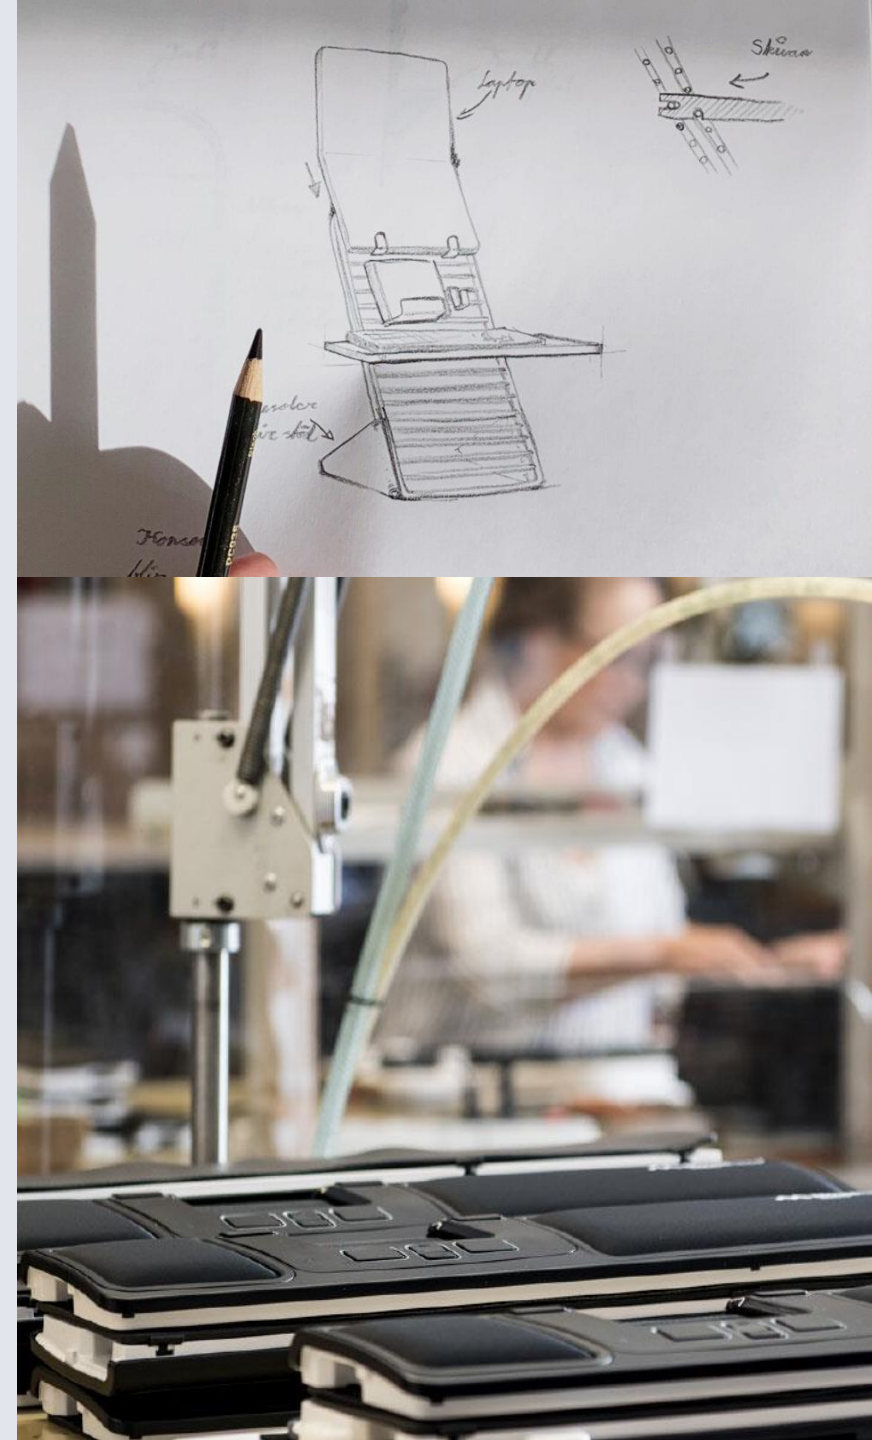

ABOUT US

# INVENTED, DESIGNED & BUILT IN SWEDEN

Our **production** facility is in **Stockholm**; all **components** we use are from **Sweden & Estonia**.

We are in **full control** of the process - from design to testing with **sustainability** and the highest **quality standards** throughout the process.

# SOME KEY THINGS

## FEEL BETTER

Start with a proper posture - desk & chair - and complement with smart DSE for a complete ergonomic workday.

## WORK IN 'THE ZONE'

Reaching out to a regular mouse causes strain in your arm, neck and shoulders.

Too many clicks causes RSI.

## BE MORE EFFICIENT

Smart functionality is top of mind!

Solar powered, clever software, less pain. All for efficiency.

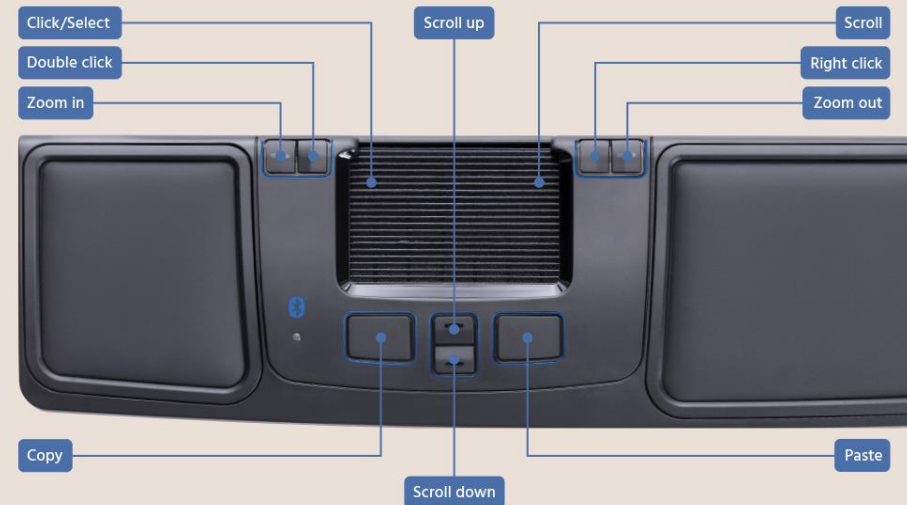

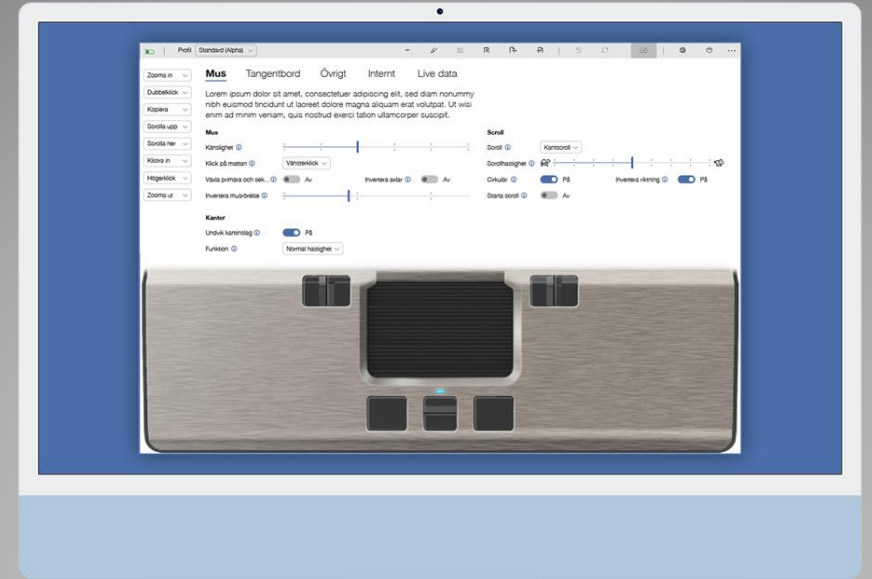

# MT KEYS

Less clicking, no difficult shortcuts and more efficiency!

Our free software allows you to change the key functionality.

Stay connected with our **Firmware** updates.

No download needed.

## ERGONOMIC MICE

# ADVANCE 2.0

### Our best-seller!

The Advance 2.0 is our top seller and with 6 programmable keys, it offers you a range of options to customize your Mousetrapper exactly the way you want it.

PROGRAMMABLE BUTTONS	YES
NUMBER OF BUTTONS	6

ADJUSTABLE HEIGHT	YES
NUMERIC KEYS	NO
BATTERY LIFE	4 MONTH
MADE FROM RECYCLED PLASTIC	YES

# NUMPAD

## The numeric one

Do you work on a laptop?  
Do you need numbers frequently?  
Do you want them on your left hand?

Here it is!

PROGRAMMABLE BUTTONS	NO
WIRELESS USE	YES
ADJUSTABLE HEIGHT	NO
NUMERIC KEYS	YES
BATTERY LIFE	1-2 MONTH
MADE FROM RECYCLED PLASTIC	YES

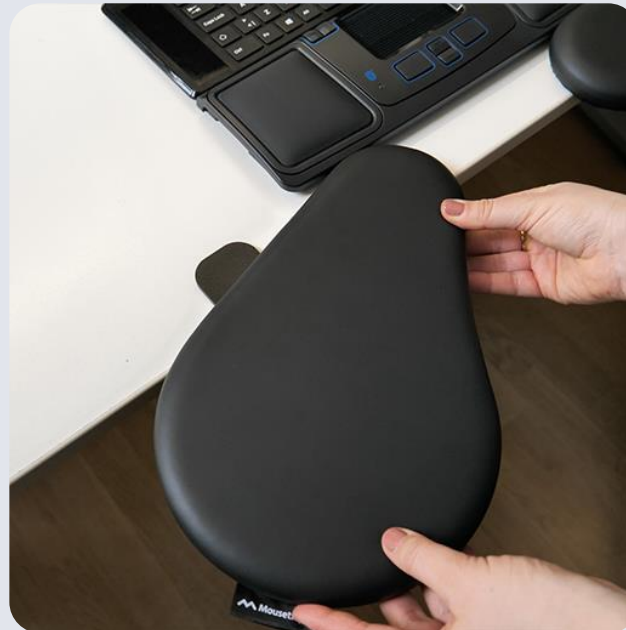

# ARMREST SPLIT

## The split one

The split design allows individual adjustment of each part.

Rotate and shift them to optimize your working position.

Our armrests are easy to clean and disinfect, since the top surface is made from black artificial leather.

# ARMREST (A)SYMMETRIC

The regular ones

**Symmetric:** The symmetrical is a little bit more compact but allows the same naturally centred and relaxed working position.

**Asymmetric:** The asymmetrical design promotes a naturally centred and relaxed working position.

Our armrests are easy to clean and disinfect, since the top surface is made from black artificial leather

# ARMREST DYNAMIC

## The flexible one

Dynamic is our newest armrest, created to combine floating freedom of movement with precise ergonomic support.

It can be adjusted to multiple levels to suit your needs.

Our armrests are easy to clean and disinfect, since the top surface is made from black artificial leather.

# LAPTOP STAND

## The standard one

Our Laptop Stand helps you keep your head in the best ergonomic position.

By keeping your eyes on the right level, with a comfortable distance from the screen, you can work without neck- and/or headache.

# LAPTOP STAND PRO

## The higher one

With our Laptop Stand Pro you get more than 20 different height and angle positions to choose between, making it even easier to find the right position for you.

By keeping your eyes on the right level, with a comfortable distance from the screen, you can work without neck- and/or headache.

# WRIST SUPPORT

## The simple supports

The Wrist Support is a simpler type of forearm support, yet effective. It's easy to carry with you and available in two sizes.

The small one is suitable for Mousetrapper Alpha, Type Mini, and laptops. While the large version is the perfect for all Mousetrappers and keyboards.

# SLEEVE

## Protect your gear!

Sleeve is a soft protective case designed specifically for our mice and keyboards.

It easily folds to fit different product lengths, ensuring a snug fit and protection while on the go.

Made from recycled PET.

# STANDFRIEND

## Your standing friend

The Standfriend is a perfect solution if you don't owe a height-adjustable desk.

It's easy to vary between standing and sitting, which makes you feel better while working at the desk.

It can also be used as a laptop stand. The smart flat, compact design makes it easy to put away.

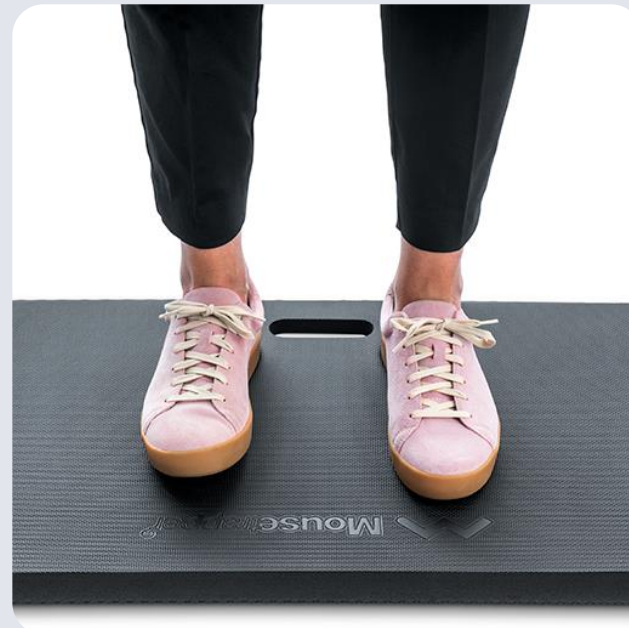

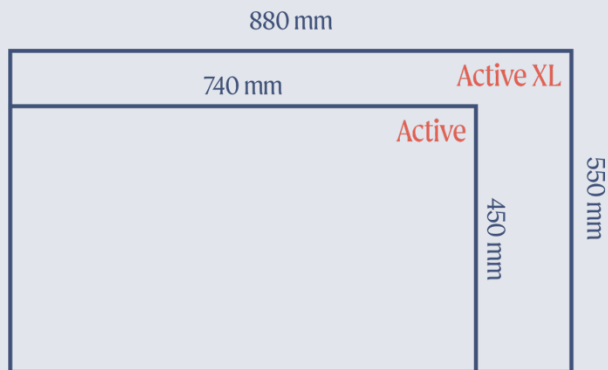

# ACTIVE

## For tired feet

This allows you to work standing up for long periods without getting sore feet.

The Active is soft and allows you to wear your ordinary shoes while keeping your feet in an ergonomic position.

Available in two different sizes.

## CO<sub>2</sub> REDUCTION - DELTA

The plastic housing is 277 gram. **CO<sub>2</sub> emission with new plastic and non-renewable energy is 800 gr.**

Our current CO<sub>2</sub> emission with **renewable energy and recycled plastic is 38 gr.**

A stunning **95% less!**

# SUSTAINABILITY REPORT 2024

We measure our **CO<sub>2</sub> footprint** and publish a sustainability report each year.

We invest heavily in using **recycled materials** for our products.

**9 Products** are already made from recycled materials

Our goal is to be **Climate Neutral** by **2045**.
